

WEEKLY REPORT  
06/16/13-06/22/13

The Newark Police Department has been awarded \$23,000 in federal Byrne grant money. The majority of the funding will go toward special project overtime to aid in reducing crime and disorderly behavior. The department anticipates using \$3,200 to purchase four (4) lapel cameras to be used by the parking enforcement officers. The cameras will record all contacts between the public and the PEO's. Other agencies that have used the cameras, have reported a dramatic reduction and positive resolution of citizen complaints against PEO's with the use of the cameras.

The Newark Police Department has been awarded approximately \$10,000 in grant funding from the Delaware Department of Highway Safety. This funding will be used to participate in state-wide programs such as "Summer Wave DUI Enforcement", seatbelt enforcement and education, pedestrian safety program, and aggressive driver enforcement. The Newark Police Department Traffic Bureau is consistently recognized as a high producing participant in the state's traffic safety programs.

On June 25<sup>th</sup>, Lt. Kevin Feeney and Sgt. Michael VanCampen met with members of the University of Delaware Police Department to continue planning for a fall education and enforcement program to reduce underage, excessive, and public drinking.

On June 25<sup>th</sup>, Chief Tiernan attended the police product exposition in NJ. The Chief met with the regional sales manager of Mobile-Vision who agreed to loan the department lapel cameras for our PEO's to test.

Chief Tiernan sent a letter to the University of Delaware Police Department, thanking them for the assistance provided by their SWAT team last week. As you recall, officers responded to a report of a double shooting at one of local motels. It took several hours for the Newark PD and UDPD SWAT teams to safely evacuate and search the hotel. During the search, officers had to endure extreme heat and heavy rain.
